

AWARENESS IN DYNAMO!

IT IS IMPORTANT TO US THAT WE CREATE A SPACE IN DYNAMO WHICH IS AS SOCIALLY JUST AS POSSIBLE.

WHEN WE MOVE AROUND DYNAMO, WE ALL SHARE THE RESPONSIBILITY FOR A CONSCIOUS COEXISTENCE:

WE TRY TO,

- * live consensus in Dynamo „Only yes means yes!“ (touching, talking, dancing)
- * ask questions when we are unsure and be open to any answer.
- * accept our own mistakes, allow discomfort and gain new insights from it.
- * reflect on our privileges and use them sensibly.
- * show solidarity by being present and attentive for the safety of all.
- * be aware of how and how much space we take up.
- * consume responsibly so that our own boundaries, as well as those of others, can be recognized and respected.

WE REFRAIN FROM,

- * making judgments about someone else's race, sexual orientation, gender identity or other forms of assumptions about them.
- * creepy stares or other discriminating actions.
- * discriminatory remarks.

WE CONSIDER THAT,

- * everyone has different privileges and individual boundaries. (Which ones do you have?)
- * crossing boundaries can take different forms (physical, verbal or non-verbal).
- * comments about appearance, style, origin, etc. can be hurtful.

CONTACT AND FEEDBACK (ANONYMOUS)

Are you feeling uncomfortable? Do you need help? Get in touch with us on site or at any time using the contact form on our website. We take all reports seriously and try to act in agreement with you. Together we are committed to a socially just Dynamo. Feedback is welcome. «Awareness in Dynamo» is subject to change and is neither complete nor conclusive.

EVENTS

Many events in Dynamo are held by external organizers. Our awareness concept is part of our terms and conditions and is known to those responsible for the evening. You can always approach the bar or security staff.

WE DO NOT TOLERATE ANY FORM OF VIOLENCE AND DISCRIMINATION.

THANK YOU

«Awareness in Dynamo» is based on the preliminary work of various organizations such as «Büro Radical», «Raksa» and the «Kollektiv Vo Da. Without the pioneering voluntary work of most probably affected people, «Awareness in Dynamo» would not have been possible.
